QuickBooks Software Solutions

4th Quarter 2007

Quick Tip: Adding Your Logo to Checks & Paychecks

To do this task, you must be in single-user mode. Note: This option is only available on Standard and Voucher checks.

1. Be sure your logo file is in the correct file format. For best results, your logo image should be square.
2. Open the Print Checks window.
3. On the Settings tab, click Logo.
4. In the Logo window, click File.
5. In the Open Logo File window, enter the drive, directory path, and file name of your logo. QuickBooks copies your logo file to the same location as your company file.
6. Click OK. You may select the company logo checkbox on the Settings tab using the Print Checks or Printer Setup (under the File menu) windows.

QuickBooks Enterprise Solutions Can Give You Room to Grow

If your business growth is stretching the limits of your QuickBooks Pro or Premier software you may think your only option is to leave QuickBooks, but consider this: Your business can get the breathing room it needs instantly, easily and cost-effectively with QuickBooks Enterprise Solutions.

Instant Room to Grow

With the capacity to add hundreds of thousands of products, customers or vendors and the capacity to add up to 20 simultaneous users, Enterprise Solutions delivers the power and scalability to keep up with the demands of your growing business.

Seamless Data Migration

Migrating your QuickBooks data to Enterprise Solutions is fast and easy. Simply install Enterprise Solutions, open your existing QuickBooks company file, and your data (transactions, customer/vendor/inventory lists, report templates and user permissions) automatically converts to Enterprise Solutions.

Fast Learning Curve

The Enterprise Solutions user interface is very similar to QuickBooks Pro and Premier, so your staff will know how to use it right from the very start. Plus, Intuit offers self-paced interactive training CDs to help get you and your staff up-to-speed with Enterprise Solutions' advanced features in no time.

Never Buy Another Upgrade Again

Enterprise Solutions comes with a one year Full Service Plan membership that includes product upgrades so you're always current with the latest enhancements. You don't need to do anything to receive these upgrades. All new product upgrades are shipped to Full Service Plan members automatically on release.

Save Thousands in Switching Costs

If you've begun looking at other business software, you know you can easily spend \$20,000 or more for the licenses alone, not to mention the additional cost of retraining your employees, migrating your data, and getting your operations moving again. Or, for thousands less, you can get the scalability and advanced functionality you need with Enterprise Solutions and avoid these common pitfalls of switching to alternative software:

Continued on page 2...

QuickBooks Software Solutions is published four times a year and is available to clients and friends of Schenck Business Solutions at no charge. For name and address corrections, or to receive a subscription to the newsletter, please call Mary Greiner at 800-236-2246, or email seminarregis@schencksolutions.com.

All dates for events are subject to change; please call for confirmation.

Enterprise Solutions

Continued from page 1...

- Expensive license fees
- Data conversion problems and costs
- Resistance to unfamiliar software
- Retraining your staff and a steep learning curve
- Disruption to your business and customer service
- Additional charges for support, training and upgrades

Plus, you can purchase Enterprise through Schenck Business Solutions at an additional 15% off. Contact any member of our QuickBooks team for more details.

Customer Tested and Approved

Used by over 25,000 growing businesses, more than half of them former QuickBooks Pro and Premier users like you, Enterprise Solutions serves customers in almost every industry, including manufacturers, wholesalers, contractors, professional services providers, retailers, nonprofits and many others.

Backed by Intuit

Selecting a new accounting system is an important decision, but it needn't be a risky one. Intuit stands behind Enterprise Solutions with a money-back guarantee. If you're not satisfied for any reason, return the software within 60 days and they will refund your purchase price.

QuickBooks 2005 Support Ending

Each year, Intuit strives to deliver the best products to their customers by investing in technology that makes QuickBooks better and easier to use. One of the ways they are able to do that is to manage the costs associated with supporting older releases. This enables them to provide customers with the right level of service, while still providing leading-edge business solutions at the lowest cost.

Intuit's practice is to support the most current version of QuickBooks, plus the prior two versions. If you are currently using an older version of QuickBooks and do not need live support or do not use certain business services (such as payroll), you can continue to use the software as you have been. However, if you would like to continue receiving live technical support or use other services, you will need to install and register a supported version of QuickBooks software.

Support for QuickBooks 2005 ends on May 31, 2008. The only way to ensure that you continue to receive full access to business services is to upgrade to QuickBooks 2008. By upgrading, you'll receive all the latest product benefits and access to technical support and business services.

If you choose not to upgrade to QuickBooks 2008, your product will continue to work as it does today. However, after May 31, 2008, you will no longer have access to live technical support or some business services.

If you are using QuickBooks Payroll with QuickBooks 2005, you will need to upgrade to a more recent version of QuickBooks prior to May 31, 2008. After you upgrade, your payroll subscription will renew automatically at your next bill date. If you do not upgrade, a prorated refund will be issued for the unused portion of your payroll subscription.

Schenck Business Solutions provides a full range of services including accounting, tax, payroll, information technology, business consulting, retirement planning, investment and human resource solutions for today's business, government and personal challenges. To learn more about our full line of solutions and how we can help, visit us online at schencksolutions.com, or call 800-236-2246.
